11/3/2017

Good evening parents,

This afternoon during dismissal it was reported that there were shots fired outside of our school building. While the exact location of the shooting was unclear, our school doors were locked and we engaged in a Shelter In Protocol as per Department of Education Emergency Procedure to ensure that our scholars, staff and families in the building remained safe. At 3:08 the New York City Police Department contacted the school to give us the "All Clear." Students and families inside the building were then allowed to exit and enter safely through the building to pick up children. I want to thank each of you for your patience, understanding and help during this unexpected experience. If you have any questions or concerns regarding this matter, feel free to reach out to the school on Monday.

Thank you again and have a safe and restful weekend.

C. Santos-Barton
Principal
